Partner Products/Services at Joint Customer Site	<p>Oracle 9i Oracle 9iAS - Java Oracle 9iDS</p>
Partner Success at Joint Customer Site	<p>Elk Island Public Schools commissioned Procace to design and develop their Student Report Card Tracking System in June 2002. By September of 2002, Procace delivered a web-based application that allows teachers, school administrators, and school executives to enter and view student report cards. The application was developed using the latest Oracle web technology. The 3-tier architecture includes Oracle 9i for the database tier, Oracle 9i Application Sever for the application tier, and JSP pages for the presentation tier.</p> <p>In spite of the tight timeline, a committee of school principals was delighted to approve the application for the 2002-2003 school year and selected Procace to host and support the application. During this year Procace has ensured system availability, provided 7x24 production support, implemented numerous enhancements, and upgraded the software to Oracle 9i Release 2 and Oracle 9iAS Release 1.3.</p> <p>Based on the success of the first year, additional schools have already chosen to use the application next year and the entire</p>

	school districts plans to adopt the application in 2004.
